

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

I think that this whole telecom backed group is a sham. Tricking older people and minorities into supporting less competition/higher rates is just dirty. I want you to know that I do NOT support more regulation of the industry and VOIP in general. I hope you can see through this group's lies. Thank you.

Sincerely,

Peter Novotny
